## Electronic Boards

Capture information – everything written on board or easel can be saved, printed or beamed to a PDA. **Create interactive presentations** – turn your board or easel into an interactive computer display, using the IdeaShare™ stylus as a wireless mouse. **Encourage participation** – participants can concentrate on the agenda without focusing on note-taking. **Improve teamwork** – remote participants can brainstorm interactively in a free web meeting. **Increase productivity** – everyone walks away with the same information. **For online demo,** go to www.ideashare.com.

### Quartet® IdeaShare™ Board

- Quartet® IdeaShare™ Boards use electronic imaging technology to capture notes and images written on the board.
- Information can be saved to a PC or Mac, directly printed with the touch of a button (printer not included), beamed to a PDA handheld (with Palm OS) or shared in a free web meeting.
- Also create interactive presentations by turning the board into a touch-sensitive computer display.
- Modern design, grey premium porcelain dry-erase board with fully integrated electronic imaging technology.
- Includes: electronic pens, electronic and standard erasers, dry-erase markers, stylus (for wireless mouse use), accessory tray, software, power supply and USB cable.
