MarkaWall - Many Styles to meet your Dry Erase, Magnetic and projection needs Jan/2018

- ▶ PSA stands for Pressures Sensitive Adhesive and is generally only used to resurface chalkboards or for very small boards
- ▶ All Wallpaper Backings(Woven & Non Woven) are installed with heavy duty clay based wallpaper paste(Home Depot item)
- ▶ **Installation Surface must be prepped correctly and be very smooth for best results---Video/Tips on-line**
- ▶ **Goods on this page are priced by length per full foot increment. Prices are not by square foot or roll.**
- ▶ **Materials sold in roll width and length noted but you can buy partial rolls by paying cut charge of \$16**
Scrim refers to a rectangular weave of fibers laminated in a back, woven works the same
- ▶ VisualWall items listed as 100' only available as full rolls
