**Deltascree®**

Turns a conference room into a beautiful viewing room

## Deltascree

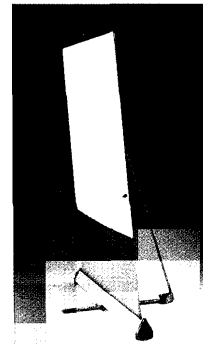

Turn a conference room into a beautiful viewing room with Deltascree—the most innovative projection screen to reach the floor in years. Deltascree rises from the ground up, putting distracting objects behind the scenes. The uniquely designed twist grip lets Deltascree descend gradually, putting you in complete control and eliminating the chance of pinched fingers. Deltascree extends to any desired height up to eight feet (2400mm) and simply locks into place.

Perfect for slide, film or overhead presentations, Deltascree offers a high-resolution, matte white screen. Projected images will appear clearly defined and square. Any “keystoning” effects are quickly eliminated by using the special floor track to adjust the screen’s angle.

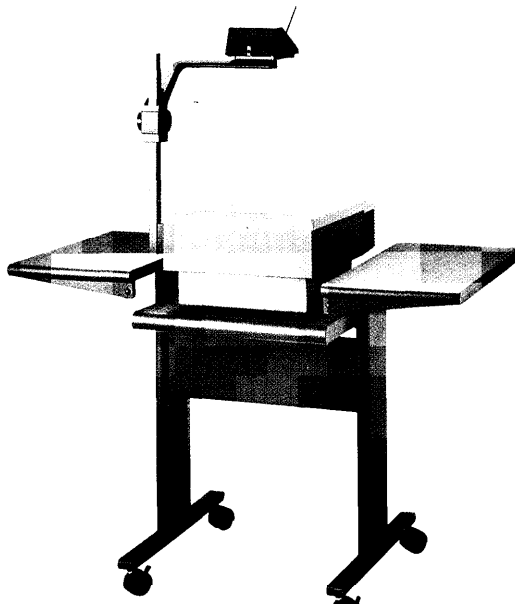

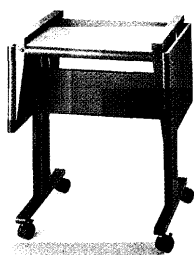

Deltascree has a tough, durable finish with no sharp edges. Convenient to carry and store, Deltascree rolls into its own portable, compact base. Safe, portable and a cinch to use, Deltascree makes presentations easy.

Catalog #	Projection Area
400s	50" x 50" (1270x1270mm)
500s	60" x 60" (1500x1500mm)
600S	70" x 70" (1780x1780mm)

Special floor track allows screen angle to be adjusted to eliminate keystoneing

Drop-leaf shelves expand working area, and fold down for easy transport and storage

## Overhead Projector Stand

Attractive stand for overhead projectors features a contemporary design and adjustable height. Solidly constructed in black textured steel with soft radius edges. The adjustable projector shelf has four height increments from 17 1/2" to 27 1/2" (445 to 700mm) for comfortable viewing. On either side, 12" x 20" (305 to 505mm) drop-leaf shelves provide an expanded work area, then fold down compactly for storage and transport. Moves easily on 2" (50mm) casters that **lock into place**. Catalog #88029
