

Portable Tripod Projection Screen

Durable, lightweight and portable, the tripod projection screen features a patented rolling system that ensures the secure attachment of the screen to the roller. Image distortion is eliminated by moving the screen along the horizontal bracket. Features a high-resolution matte white screen with a black masking border to help size, shape, and focus images. Heavy-duty springs allow the screen to retract smoothly and maintain its original traction use after use and the steel suspension brace provides a properly tensioned viewing surface. The steel carrying case with powder coated end caps withstands the stresses of daily use.

Catalog #	Projection Area
550s	50" x 50" (1270 x 1270mm)
560S	60" x 60" (1500 x 1500mm)
570s	70" x 70" (1780x 1780mm)

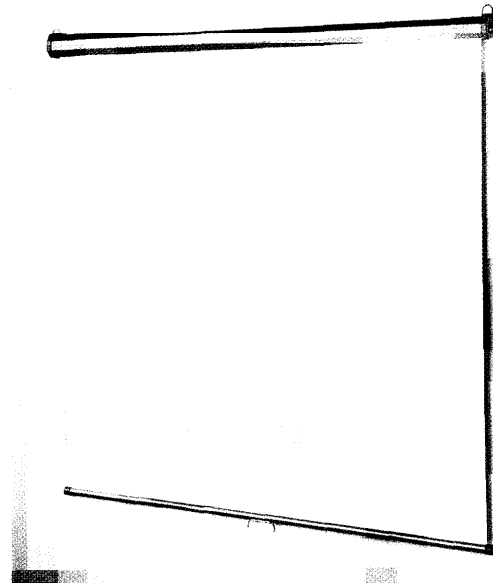

Tripod screen

Wall or Ceiling Projection Screen

For wall or ceiling mount, this durable matte white projection screen provides superior image resolution and accurate color reproduction. Heavy-duty springs maintain the screen's original retraction tension and a patented system ensures the secure attachment of the screen to its rolling mechanism. The baked enamel casing features powder coated end caps and a flat back design for easy wall mount and stable ceiling suspension. Black matte finish. Easy to install and use.

Catalog	Projection Area
660S	60" x 60" (1500 x 1500mm)
670S	70" x 70" (1780x 1780mm)
6848	84" x 84" (2135 x 2135mm)
6968	96" x 96" (2440 x 2440mm)
