

ENCLOSED BULLETIN BOARDS

Aarco enclosed bulletin boards are perfect for displaying notices, calendars and pictures on a wide variety of backgrounds (shown on pages 2 and 3). Removable letter panels in felt and vinyl are pictured in Figure 1.

All units are constructed of satin anodized aluminum in silver, bronze and black.

Our unique extrusion design (shown below) offers a wide variety of sizes, styles and our fully

reinforced corners provide hairline miters and strong durable construction.

Hinged door units are standard with a full length matching piano hinge, flat key cam lock and 1/8" thick acrylic window(s). Tempered glass and laminated glass are also available.

Sliding door units are standard with nylon rollers (Figure 5), showcase locks and 1/4" tempered glass doors with finger pulls.

Secure mounting is made easy with our concealed mounting hanger, which is standard on all units.

Outdoor units are fully weather sealed and vented to permit evaporation of moisture trapped within the case.

Adjustable "L" brackets are provided to secure the bottom of each unit.

Specify Finish • Recessed mounting is optional.
