Specify number of tracks after model #: -2 for 2-track, -3 for 3 track and -4 for 4 track

FEATURES:

- Sliding panels are top suspended and glide easily over aluminum track on nylon rollers
- Standard installations consist of sliding panels and fixed back panel (2 track units up to 12' have 2 sliding panels; 14' has 3; and 16' to 24' units have four)
- 3 and 4-track units have one sliding panel per track. Panels cover approximately one-half of the unit
- 2-track units weigh approximately 6-1/2 lbs. per sq. ft., 4-track units weigh approximately 11-1/2 lbs. per sq. ft.

OPTIONS:

- Prices are based on porcelain enamel steel markerboard sliding panels and back panel; satin anodize finish aluminum frame and housing
- For Vitracite, specify and add \$1.06 per sq. ft.; for Claridge Cork, Hook-Fab, Designer Fabric, or Fabricork, specify and add \$2.50 per sq. ft.; Glass Beaded Projection Screen, add \$6.54 per sq. ft.; for Tan Nucork, Deduct \$3.46 per sq. ft. and for units with no back panel, deduct \$8.06 per sq. ft.
- For Medium or Dark Bronze anodize finish in lieu of satin on 2-track units, add \$789.00; on 3- or 4-track units, add \$1,363.00.
- For Powder Coat finish on 2-track units, add \$535.00; on 3- or 4-track units, add \$819.00
- Extra sliding panels available. If required, specify on order and add \$207.00 plus any applicable adds. (These prices do not apply to extra panels ordered separately. When required, call for price.)
- Motor operated Horizontal sliding units available; Call or write for price
