### FEATURES:

- Compact electric screen with the motor inside the roller
- Installs easily anywhere
- Shipped with a 10-foot power cord with plug and in-line UP, OFF, DOWN 3-position operating switch
- Black steel case
- Fiberglass Matte White or Glass Beaded surface

Note: Matte White furnished if surface not specified

### FEATURES:

- Operates smoothly and silently because the motor is mounted inside the roller on special rubber vibration insulators, thus eliminating the motor compartment
- Viewing surface is centered in steel case for trim, balanced appearance
- Operates at the touch of a switch; stops automatically in UP and DOWN positions
- Operating speed 20 feet per minute
- Fiberglass Matte White or Glass Beaded surface
- "Quick Ship" sizes noted

Note: Matte White furnished if no surface specified. Screens shown as stock are matte white.

### FEATURES:

- Ultimate efficiency in electric screen design
- Custom-built to order using the finest components for safe, dependable operation
- Screen appears quickly and silently at the touch of a switch
- Preset limit switches stop screen automatically in UP and DOWN positions
- Factory sealed and oiled for life, simplified drive module is designed for years of maintenance-free operation
- Provided with adaptable wall or ceiling type bracket
- Operating speed 38 feet per minute
- Fiberglass Matte White or Glass Beaded surface

Note: Matte White furnished if no surface specified.
