

LEXINGTON MULTI-MEDIA

The Lexington Multi-Media Lectern provides you with a platform to do a complete computer-based presentation; yet its design is simple, clean and stylish. Choose from Da-Lite's standard configuration with various options or a custom configuration to meet any need.

Standard Features

Monitor Shelf can accommodate up to a 15" diagonal monitor.

Keyboard Shelf has a fixed-height pullout with a fold-down door, so keyboard can be concealed when not in use.

Equipment Shelves are adjustable to store a CPU or other equipment. An optional rack mount can be installed for other components.

Hinged Reading Surface allows access to monitor and routing cords.

Two Electrical Outlets are located inside the lectern with easy connection to power sources.

Projection Equipment Drawer

is perfect for overhead projector, multi-media presenter or LCD video projector. Drawer is concealed by a fold-down door when not in use. An optional lock can be installed for added security.

Optional Features

Custom Cutouts

allow a control panel to be placed in the reading surface.

Cooling Fans keep closed compartments cool and protect electronic equipment from overheating.

Equipment Rack Mount uses the standard threaded rack mount system and can be mounted inside the lower compartment of the lectern (19" x 19" x 14").
