

THE CRAFTSMAN STORY

The talents and expertise of remarkably skilled cabinetmakers are reflected in every Da-Lite Communication Cabinet and Lectern. Building custom Communication Cabinets and Lecterns to Da-Lite's high quality standards requires paying special attention to every detail. Choosing the finest veneers and laminates, including cherry, oak, walnut and mahogany, in just the right color and grain. Hand-rubbed and full-filled, the finishes exude a deep, rich, luster. It all assures you of the highest quality Communication Cabinet or Lectern; one that will look just as good after years of performance as it did the day it was new.

VENEERS AND LAMINATES

Hand-rubbed Veneers and Laminates

Da-Lite's quality veneers are full-filled and hand-rubbed for a deep, rich finish. Select from the quality veneers listed below or contact Da-Lite's Sales Partners about the many custom finishes available.

Standard laminates are shown at the right, plus a wide range of custom laminates can be selected.

Custom color matching with special veneers, laminates and tambours are available upon request.

Custom Laminates and Veneers

Finishes and textures of veneers may vary in tone or character from these printed representatives. For critical color matching, contact Da-Lite's Sales Partners for actual veneer and laminate samples.
