

ORAVISUAL LECTERN OPTIONS

Two 25-Watt Speakers will enhance your presentation.

Padded Lectern Cover protects the lectern from dust, accidents and the sun's glare.

Custom Logos promote a company's identity. Choose from silk-screened acrylic, etched aluminum or etched brass plates.

Choose from **Wireless Mic Systems**, battery-powered lavalier or hand-held.

ORAVISUAL LECTERN ACCESSORIES

Premium Anchor Sound System provides 60 watts of RMS power.

Electric Height Adjustment allows the lectern to be raised or lowered within an 8" range with the touch of a button, creating the ideal height for every presenter.

Lectern Cutouts can be specified by the customer to accommodate mounting various sizes of control display flush on the reading surface.

Locking Door offers security and privacy for storage areas.
