tackboards Magnetic Frame 60" w x 48" h Wall Mount

- Magnetic EganGrip, in a clear anodized finish, is ideal for attaching to EVS Magnetic and EganBoard porcelain surfaces.
- Non-magnetic models work anywhere that fasteners are permitted.
- Display flipchart sheets and more by simply pushing paper up into the gravity-fed roller.
- To remove sheet, simply curl up and out.

**Mounting Options:**

- Magnetic Mount (M) for smooth, metal-based applications.
- Adhesive Mount (A) for smooth wall installations where fasteners are not suitable.
- Plate Mount (P) for textured wall applications like cinder-block or burlap wallpaper.
- Top Mount (T) brackets fit over typical panel system partitions.
- System Mounts (S) hook into popular, panel system vertical hook tracks. (Please specify make and model of system.)

Look for this symbol throughout the Price & Specification Guide to find products that work well with the EganGrip.

Product Code	MOUNT OPTION CODES					Size Code
