### Porcelain Magnetic Writing Wall (Grey)

Make brainstorming and training sessions more productive and more convenient by increasing the writing and display space in any room. The Writing Wall is a system of grey magnetic porcelain on steel panels with porcelainized panel dividers to allow writing to continuously flow from panel to panel. Secured using a unique system of framing and mounting to level and align, the Writing Wall compensates for unevenness in mounting wall surfaces. A Writing Wall system is simple, cost-effective and can be installed in a short time.

Item	Features	Size/Desc.	Product #	List Price
