A Note from the Manufacturer:

The client is responsible for ordering the correct board size, orientation, foreign language translations, frame type, spelling, punctuation, grammar, variable data, layout, logos, graphics, colors, etc. These elements can be checked using the two PDF proofs provided.

To assist you in proofing your artwork, page 2 of this file is an **Artwork Proofing Worksheet**. We highly recommend you use the worksheet to make sure that your artwork is exactly as you want it before signing this form. Please take your time! These boards are costly, last a long time, and cannot be modified once manufactured. Please don't rush through the review/approval process.
