

Product Evaluation Form for PearlCoat Run #1 6/05

Please help us improve this product to meet your needs!

Run 1 came out at 18 rather than 25 gloss at 60 degrees causing some shadowing with other than Standard Expo Markers. We plan to increase gloss to 25 to reduce shadowing and improve erasability?

	Below Par	Acceptable	Exceeds Requirements	Comments, testing done etc
Write ability				
Erasability				
Project ability				
Abrasion Resistance				
Will it Hold up				
Interest at current price of \$2.50 ft2				

Pricing- At what price per ft2 would MarkaFilm-LG with PearlCoat be attractive enough for your application ?

Our Interest is in:: White with PSA _____ Clear with optically clear PSA _____
 White without PSA _____ Clear without PSA _____
